

# HUNT the HAZARD

Kitchen safety

accidents don't have to happen

1. How many hazards (unsafe things) can you spot in this picture? Why not circle the hazards?
2. What are the dangers for the little boy?
3. Why is the baby unsafe?
4. What could you put on the kitchen cupboards and drawers to make them safe?
5. Can you spot all the trip hazards?
6. What could happen with all the wires plugged into the cube socket?
7. Can you write a list for mum to help her become safer in the kitchen?
