Candle safety

Candles are often used as part of our celebrations for festivals and special occasions.

These sentences have got muddled up. Can you join them together correctly to help us discover how to use candles safely?

Before you leave a room	away from children and pets
Never leave a candle	a proper candle holder
Always use	should not be moved
Don't put lit candles	blow candles out
Keep candles	burning unattended
Burning or hot candles	near anything flammable

Celebrate safely
Use candles with care
