Dear [REDACTED]

We are writing in respect of your application for the release of information held by the Service, which we received on 8 May 2024. We can confirm that we have now completed our search for the information requested.

You asked:

How many females applied to be wholetime firefighters in 2023?

How many males applied to be wholetime firefighters in 2023?

How many female firefighters were successful in becoming wholetime firefighters in 2023 after the recruitment process?

How many male firefighters were successful in becoming wholetime firefighters in 2023 after the recruitment process?

Our answer:

We can confirm that we hold the information requested. Hampshire and Isle of Wight Fire and Rescue Service did not conduct a wholetime firefighter recruitment process in 2023. Consequently, there were no applicants or appointments made after that recruitment process.

The above concludes our investigation into this matter.

Any future correspondence with Hampshire and Isle of Wight Fire and Rescue Service in relation to this matter should be sent to the Information Compliance Officer at the above address.

If for whatever reason you are unhappy with our response you may request an internal review by contacting DP@hantsfire.gov.uk or by writing to the Data Protection Officer at the above address.

Should you remain dissatisfied you can appeal against the internal review decision by contacting the Information Commissioners Office. This can be done online at www.ico.org.uk/foicomplaints or by post to The Information Commissioner, Wycliffe House, Water Lane, Wilmslow SK9 5AF.

Yours sincerely

Information Compliance Officer
Hampshire and Isle of Wight Fire and Rescue Service
