To whom it may concern as responsible person,

The Regulatory Reform (Fire Safety) Order 2005 (“The Order”):

Compliance with Enforcement Notice

Premises: 1 Vanguard Court, Centurion Gate, Southsea, PO4 9TD

Please be advised that the Enforcement Notice, **dated 19 July 2024 and numbered 11311** is deemed to be complied with.

Compliance with the Enforcement Notice indicates that the matters which could have, in the opinion of the Authority, presented a particular risk in case of fire to the employees and other persons present in the premises, have now been removed or remedied.

Compliance with the Enforcement Notice does not imply that the premises are considered satisfactory in respect of The Order. Where the Authority considers it appropriate, any remaining fire safety defects will be dealt with by way of other types of notices.

Fire Safety Management

You should review the risks to people in case of fire regularly especially if:

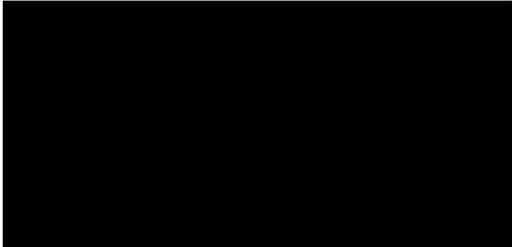

- a. There is reason to suspect that people are not safe in case of fire, or
- b. There has been a significant change to the preventive and protective measures you have taken in case of fire.

Where, in consequence of a review, changes to your safety measures are required; you should make those changes.

Have Your Say

You can clarify or challenge what you need to do by contacting us on the above details.

Yours Faithfully

Authorised Fire Safety Inspecting Officer
On behalf of, and duly appointed by the Hampshire & IOW Fire & Rescue Authority
